BENEFITS:

- Proven Snap-On Design
- Versatile Mounting Options
- Quick & Easy Assembly

Product Description

The snap-on electric start switch housing is another addition to Kongsberg snap! family of products. Kongsberg Automotive patented, fastenerless handle bar attachment provides a cost-effective approach to 12-volt electric start installation.

A complete assembly is available, including key, switch, bezel, wire harness, and cable.

Kongsberg Automotive Snap-E-Start system can be used as a stand-alone electric start, or it can incorporate an engine brake safety cable, drive cable, or other applicable cable assembly. As a leading developer and manufacturer of mechanical

control cable assemblies focused on the unique needs of power equipment manufacturers, Kongsberg Automotive is committed to responding to its customers with innovative solutions, proven technical excellence and world class production capabilities.
