

August 4, 2020

**Ms Tina Persinger
Kongsberg Automotive
301 Olive Street
Grand River, OH 44045**

Dear Ms. Persinger,

This letter is to document the certification of Kongsberg Automotive to ISO 14001:2015 at the Grand River, OH site.

Due to the Coronavirus (COVID-19) outbreak and concerns with travel ANAB is allowing for a 6 month concession for any recertification audits at sites with concern regarding the virus. Currently the site certificate is valid until 2 October 2020. With the concession allowed by ANAB the certificate has been extended to April 2, 2021

Originally the recertification audit for this site was planned for **June 16-19, 2020** SGS is rescheduling this audit to **December 14-18, 2020**. The new audit schedule aligns with the concession ANAB has granted.

SGS will continue to follow standard operating procedures to maintain the integrity of this site's certification. Please note that as per **ANAB's Head's Up #448** dated 02 Feb 2020. section 2 b., the expiration of the renewed certification will be based on the original recertification cycle.

When the Certification Body successfully completes the recertification activity, the expiration of the renewed certification will be based on the original recertification cycle. This means **not** providing the organization an additional six months of certification. When the organization is recertified, it will not be for three years from the recertification decision, but three years from the previous expiration date.

If customers have concerns regarding the validity of the Kongsberg Automotive certificate, they may contact SGS directly to verify.

Regards,

A handwritten signature in black ink that reads 'Dan Seal'.
