

Deluxe T60 T70 Throttles

Mechanical Cable Assemblies

FEATURES:

- Single-bolt mounting to reduce assembly costs
- Durable metal lever and bracket design
- Easy, low force actuation

BENEFITS:

- Unique Styling
- Single Bolt Mounting
- Proven Mechanical Reliability

Product Description

The Kongsberg Automotive Dual Conduit Snap Fitting was designed for OEM assembly line efficiency and flexibility. It provides the ability to standardize while allowing for quick conversions; for example, when converting a push mower to a front wheel or rear wheel drive. Installation is a *snap!*, eliminating the need for hardware or tools. This fitting coordinates styling, performance, and efficiency while also reducing handle bar punch work and tooling.

As a leading developer and manufacturer of mechanical control cable assemblies focused on the unique needs of

power equipment manufacturers, Kongsberg Automotive is committed to responding to its customers with innovative solutions, proven technical excellence and world class production capabilities.
