

FTT2000

FOLDABLE TILT & TELESCOPE STEERING COLUMN

AT A GLANCE

- > MECHANICAL MID TILT AND UPPER TELESCOPE WITH LATERAL LOWER TILT FUNCTION
- > ENABLES A CLEARER VIEW THROUGH THE WINDSCREEN WHEN THE STEERING COLUMN IS NOT IN USE
- > THE SPECIFICATION OF ALL STEERING COLUMNS IS ACCORDING TO ISO 5010 AND SAE J1814
- > ALL COLUMNS MEETS KONGSBERG AUTOMOTIVE PRODUCT SPECIFICATION FOR OFF ROAD VEHICLES, AGRICULTURAL TRACTORS AND CONSTRUCTION EQUIPMENT

PRODUCT DESCRIPTION

The FTT Foldable Tilt & Telescope Steering Column has been designed specifically for Off Highway vehicle applications where a clearer view through the windscreen when the steering column is not in use is desirable, such as a combine harvester.

Kongsberg Automotive offers a full range of fixed, tilt and telescopic steering columns, designed to withstand the most challenging environments for off-road vehicles. With our unique modular design, all columns provide best-in-class ergonomic working conditions for the driver.

Kongsberg Automotive offers completely tailored steering columns from our modular system according to customer specifications with full in-house design, development and validation services.
